DELHI

Tenure Track Faculty Positions in The Department of Social Sciences and Humanities

www.iiitd.ac.in/careers/faculty

About IIIT-Delhi:

IIIT-Delhi (Indraprastha Institute of Information Technology Delhi) <www.iiitd.ac.in> is an autonomous Institute created by the Government of Delhi with a mission to become a world class R&D led Institution in IT and interdisciplinary areas. It offers one of the most vibrant academic environments and is an ideal place for a young researcher who wishes to work in India in these exciting times. Recently we have recruited over 60 faculty members most of whom hold PhD Degrees from prestigious universities from India and abroad.

Eligibility:

We are seeking candidates with a PhD from a top Institution from around the world (post doc experience will be an added bonus) with strong academic training and publication record in the relevant areas. Scholars who have the capability to independently develop and lead a program of research and provide innovative, quality teaching at both the undergraduate and graduate levels are especially encouraged to apply.

Application Process:

Applications are processed regularly. Please send your CV along with a covering letter, a statement of research, a statement of teaching plans, two representative sample publications and the names of three references to:

faculty-applications@iiitd.ac.in

Please put "Application for Faculty Position in Social Sciences and Humanities – (Area of Expertise)" as the subject line.

Technical Seminar:

Selected candidates will be invited for a seminar on a mutually convenient date; often when the candidate is visiting India. We can also consider an E-seminar if required.

The Department of Social Science and Humanities at IIIT-Delhi, is looking to recruit tenure-track faculty in the following areas: **Economics, Anthropology, Sociology, Psychology, New Media, Ethics & Politics, Public Policy, and Humanities**. A core of internationally trained faculty in these disciplines has already been hired and a B.Tech program in Computer Science and Social Sciences (CSSS) has been launched. The Department has plans to offer a specialized Master's program and a PhD program in allied areas in the near future. The Institute provides strong support for research with a good teaching-research balance and offers among the best compensation packages in academia in the country. The Department is looking to hire tenure-track **Assistant Professors**, whose overall research and teaching interests align with the Department's objectives, in the following areas:

Psychology: Cognitive Neuroscience | Cognitive Psychology| Personality and Social Psychology | Organizational Psychology | Media Psychology | Experimental Psychology.

Economics: Economics of Information and/or Innovation | Game Theory and Market Design | Social and Economic Networks | Economics of Network Industries | Sharing Economies | E-Commerce | Computational & Empirical Economics (incl. Big Data applications).

Sociology/Anthropology: Media Sociology | Anthropology | Economic Sociology| Anthropology | Sociology of Consumption | Society and Computing | Social Network Analysis | Mobile & Internet User Ethnography | Knowledge Society | Globalization |Urban Sociology | Sociology of Work | Digital Creative Industries

Ethics and Politics: We are looking for scholars with research and teaching interests in the following areas: Applied Ethics| Moral and Political Philosophy| Ethics of Information Technology| Digital Ethics| Political Theory| etc.

Policy: we are looking for scholars with research and teaching interests in areas related to IT and social development, including: Governance and E-governance | ICT Policies | Political economy and the Internet | Internet Governance | Science and Technology policy | ICT for Development (ICT4D) | ICTs for Social Transformation

New Media: Media Analytics, Computational Social Network Analysis| Digital and Social Media | Mobile Health | Digital Literacy | Digital Creative Industries | Media Psychology | Social Data Analytics | Quantitative Research Methods | Gaming

Science and Technology Studies: we are looking for scholars with research and teaching interests in areas related to the domain of science and technology studies (STS) with a focus on Information Technology and society.

Research, Innovation and Development Focus

IIIT-Delhi emphasizes research, innovation and development to create impact through published papers, reports, projects, and technology design. It extends significant support for initial career aspirations via initiation research grant, funds for international conference travel, professional society membership, and continuing collaborations with foreign partner institutions (with options for short-term leave support). It has implemented systems of yearly appraisal / feedback and a tenure process to help faculty members aim high and create an Institute whose reputation is benchmarked against international standards.

Compensation and Quality of Life

The Institute provides a compensation of over Rs.1.70 lakh/ month (CTC) for a starting Assistant Professor position and allows a faculty member to supplement it through research grants, summer sabbaticals in R&D labs/ companies and consultancy engagements. The campus is situated in Okhla Phase-III, New Delhi near a Metro station, with modern, good quality and spacious housing for faculty.
